Poland Not Going Bankrupt and Is Thankful to America for Loan.

By IGNACE PADREWSKI, Polish Leader.

All Poles are exceedingly glad that Poland has obtained the long wished for loan of \$250,000,000, equivalent to 11,000,000,000 Polish marks. For some time to come Polish finances will be in a bad way. But we are not going bankrupt, and America will ever regret having lost us money in our hour of need.

Our position since the beginning of the war has been very difficult. We were devastated by the Germans, who advanced, and the Russians, in retreat; nevertheless 80 per cent of our land is under cultivation again. We had a hard winter, which destroyed the potato and beet crops all through the winter. The fact is that we shall be dependent on America for some time to come.

As to education, I don't fear it. We have had plenty of bolshevik propaganda, but the peasants don't want it. We have had to build up the country's internal administration from A to Z and at the same time fight the bolsheviks. But I hope we shall soon be able to set about reconstructing our country again.

Our most urgent need is transport. We have nothing like the necessary number of trains and engines. And the war with the bolsheviks has cost much selling stock for the supplies of our army which could not be employed in carrying coal from our mines to the large industrial centers. Though the winter was very severe indeed, many thousands of us did not lack at all, not because of the lack of it at the pits' mouths, but for the lack of transport. We hope to get some more new machines from America and be able to build and import trucks before long.

America must remember that we are still at war, and this impedes our exports. On the other hand, neither France nor Italy is exporting, and we have been more hit by the war than either of them in the matter of exports. But we have enough timber to bring in \$3,000,000,000 and shall soon begin to export that. We have plenty of coal, salt, potash and peat for export as well. All we want is the means of transporting it to France.

A country with such resources in raw material and with the will to work will not go bankrupt. In metals and coal and timber we are very rich, and we want to work. We want to organize our country and make it strong and prosperous. We have terrible sufferings behind us and many thousands of us are suffering yet. But, though we face great difficulties now and in the near future, we mean to pull through, pay all our debts and get on our feet again as a thoroughly modern democratic state.

All Poles are united in their confidence in our president of the republic, Mr. Pilsudski. When he was first elected, the older men and conservatives would not do so, but he was almost entirely supported by the younger men. But a year of office has shown all and young alike that he is the man for the country, and so all support his policy and confide in his leadership.

Hence the "Save the Redwoods League" for the Redwoods National Park.

By MARSHALL GRANT, in Zoological Society Bulletin

The present tragedy of the whole redwood situation lies in the fact that the great trees are nearly all in the hands of private owners. These owners are not willing to sacrifice their holdings for public use, and hence the redwoods are being cut down at a rapid rate. It is not until the trees are cut down that the public realizes the value of the redwoods. The redwoods are being cut down at a rapid rate, and the public is not realizing the value of the redwoods until it is too late.

Japan Must Be Made the Mightiest Nation in the Whole World.

By W. M. McGOVERN, in "Modern Japan."

Japan must be made the mightiest nation in the world, is the idea advocated through textbooks in the minds of all Japanese. Extensive education is the predominant feature of Japanese life, and this is the reason for the rapid progress of the Japanese people. There is military instruction in all schools and rifle practice is taught in the secondary and higher schools, so the average middle schoolboy would make without further training, a most excellent soldier.

WOMEN IN COURT MUST DRESS DECENTLY.

Springfield, O.—Judge Frank W. Geiger, of Common Pleas Court, issued a warning that women who apply for divorces in his court must be careful of their dress.

The Judge told attorneys: "I don't care if it is as hot as these women have got to wear more clothes when they come into court. This thing of peepoek waists and see-through skirts has got to stop."

At Manila With Their American Soldier Husbands

WAIT TO BE SENT TO STATES

Authorities Decide That With Few Exceptions, The Girls And Their Soldier Husbands Be Sent To This Country.

Manila.—Three hundred or more Russian "war brides," who have come here from Siberia with their American soldier husbands are to be sent to the United States as soon as transportation is available. These brides come from every station in life from the peasant girl to the college graduate and a number have been accustomed to the luxuries of life before war and revolution drove them from their homes.

Their experiences in Manila, probably most of them, as their soldier husbands are to be sent to the United States as soon as transportation is available. These brides come from every station in life from the peasant girl to the college graduate and a number have been accustomed to the luxuries of life before war and revolution drove them from their homes.

They are willing to work, but having no knowledge of English or Spanish, they are unable to find employment in any of the stores of Manila and native men and boys are being sent to the United States as soon as transportation is available. These brides come from every station in life from the peasant girl to the college graduate and a number have been accustomed to the luxuries of life before war and revolution drove them from their homes.

After several weeks of investigation as to the best disposition to make of the war brides and their soldier husbands, the army authorities decided that they, with few exceptions, should be sent to the United States and there distributed among the army camps and posts, where quarters are available for married enlisted men. These the department of the Philippines is not able to provide. Only those enlisted men with wives, who have an income in addition to their army pay will be permitted to remain in the Philippines.

Some of the Russian girls who were disappointed in not obtaining soldier husbands at Vladivostok, disguised as American soldiers stowed away on transports and came to Manila, so eager were they to escape from the bleak and dreary life in Siberia since the beginning of the war.

These stowaways were turned over to the authorities here to be deported to the country whence they came. Several of them were married at the pier while awaiting to be put on board a transport for the voyage to Vladivostok which made them American citizens and gave them the right to marry.

One of these stowaways, clad in male attire, when about to be placed on board a transport for deportation, was stopped by a Russian soldier in her hands, appealed to the crowd at the pier for some man to marry her and save her life from what she said would be certain death if she were returned to Siberia. The Russian money, which is little or no value, appeared to have no influence toward bringing forth a husband for the woman, and she was sent back to Siberia.

MOSQUITOES PUNCTURE TIRE.

Winsted, Ct.—With a party of friends, Fred Zavatky motored in his car to Riverton, three miles distant, on a driving trip. He left his car near the village and, upon returning from the brook, he noticed that a spare new tire fastened to the rear of the car was literally covered with "sneezers" as large as the New Jersey kind.

They all seemed in working order, too, because when Zavatky had to use the new tire to replace a flat one while on his way home, he found it had been punctured by the giant mosquitoes.

A FIVE BILLION DOLLAR CONGRESS

Stunning Sum Appropriated to Run the Government

ESTIMATES CUT DOWN, TOO

For Interest On Public Debt There Is An Outlay Of \$960,000,000, And For The Single Fund \$260,800,000.

Washington.—Approximately five billion dollars was appropriated by the Sixty-sixth Congress at its session ended June 5, according to a statement prepared by Chairman Good, of the House Appropriations Committee, for the final issue of the Congressional Record.

The exact total given by Mr. Good was \$4,859,893,327. Of this, \$4,373,352,791 is for government expenses for the fiscal year beginning July 1, and \$486,640,536 most additional for the fiscal year ending with this month.

Chairman Good said Congress had reduced estimates of government departments for next year by \$1,474,422,602, the total appropriations in only one measure exceeding the estimates. Congress added \$412,000 to the pension bill and \$70,861,000 to the postal bill. The latter was to meet appropriations for post offices, while the pension increase was absorbed in part by increased pensions.

The total carried by the 13 great appropriations bills, as follows: Postoffice, \$462,575,190; sundry civil, \$462,575,190; army, \$322,558,365; navy, \$278,584,000; legislative, executive and judicial, \$194,735,726.

Fortifications, \$13,712,784; fortifications, \$13,712,784; District of Columbia, \$13,712,784; rivers and harbors, \$13,712,784; Indian, \$10,440,655; diplomatic and consular, \$9,218,537; military academy, \$12,412,212.

In addition to these bills, permanent appropriations—expenses for special periods—amounted to \$1,262,786,880, of which \$980,000,000 is for interest on the public debt and \$280,000,000 for the sinking fund. Miscellaneous appropriations included \$275,000,000.

Mr. Good charged that \$25,584,000, for the appropriation for a direct war "hangover," the sum including the funds provided for the railroads, for the public health, for the payment to the sinking fund and \$23,168,400 appropriated for re-education, hospital treatment, and insurance for veterans of the World War.

The Army and Navy together got \$35,356,962 for the next fiscal year, for the fiscal year of 1921-22, the funds for all the other civil functions of the government during the year.

Lynchburg.—Lynchburg Lodge, No. 17, Odd Fellows, is advertising for this home on Twelfth street, and the lodge is arranging to build a temple on Church street, between Eleventh and Twelfth streets.

Danville.—Rogers A. James, of Pittsylvania county, Democratic nominee for the upcoming term in the Sixty-sixth Congress, was elected without opposition to the House, succeeding Judge Edward W. Saunders, resigned. A high vote was polled.

Bristol.—Miss Pearl Lee, age 23, the daughter of a coal operator in the St. Charles District, was shot and killed at her home at Ramsey, according to information received in Bristol. The advice do not give the details of the shooting.

Bristol.—Announcement is made here that the vast properties of the Patrick Hagan estate, including valuable coal lands and town lots in Norton, Duncannon, and Richmond, will be sold at public auction at Gate City, Va., on August 17, according to an agreement between the beneficiaries of the estate and the trustee.

Williamsburg.—About fifty boys and girls from the counties of James City, Charles City and New Kent are at the college of William and Mary taking a three-day course in singing. The manual training, gardening, poultry raising, basketry, and other courses leading to the betterment of their homes and communities.

Winchester.—Colonel Robert F. Leedy, of Pace county, who is opposing Representative T. W. Harrison, of Winchester, for the Democratic nomination for Congress in the Sixth Virginia District, has been elected by an organization known as the Jefferson Club, this city, which claims to have a membership of 507 voters.

Winchester.—A railroad track has been built from Millville, Va., to the plant of the Northern Virginia Power Company, near the Shenandoah River, for the purpose of hauling and dumping coal. Conveyors will also transfer the coal to the boiler room of the plant. Hereafter it has been necessary to haul the coal in carts and trucks from Millville.

Lynchburg.—Judge A. E. Chamberlain, of Minnesota, who assisted here recently in the greater central Virginia campaign, has accepted the position as head of the new bureau of production of the chamber of commerce here. The chamber of commerce will appropriate funds in the next few years in an effort to develop the agricultural interests of the counties around the city.

Danville.—The gravest concern was felt by Thomas F. Connally, believed to be suffering from mental aberration, who disappeared from his home here on Friday afternoon at 3 o'clock, and who has not since been heard from. A reward was offered for information leading to his recovery, and the Boy Scouts are being organized to carry out a search for him. The family believes that he may have wandered into the woods and died or, still worse, to have leaped into the river.

Lynchburg.—Lynchburg if just three miles nearer Washington than formerly, or, if you please, Washington is just that much nearer Lynchburg, and the conditions results from the re-arrangement of the main line of the Southern railway during the past fifteen years. Surveys on now being conducted by the Federal Government, and this has resulted in the 17th mile post at Lynchburg being moved below Durand.

Winchester.—H. F. Byrd has received a letter from Thomas W. He assumed his duties, Tuesday, succeeding Frank L. Polk, who had resigned. Davis resigned last week as Assistant Secretary of Treasury in order to accept the Department post.

Winchester.—Is a chocolate bonbon a "soft drink" or is it food? This is the important question which Judge E. E. Walcott Brown will be called upon to determine. A warrant has been issued against Brown by the Commonwealth of Virginia, charging him with selling soft drinks on Sunday. He claims that what he served was not a drink, and that it is in the same class as ice cream.

Fredericksburg.—The board of directors of the Richmond, Fredericksburg and Potomac Railroad Company have voted a sum of \$500 to the county.

STATE CAPITAL

Richmond Is Pending.

All evidence submitted in the Goodland county election contest has been submitted to Judge R. Carter Scott, of the city circuit court, who was designated by Governor Davis to preside in the case. The election of Sheriff A. W. James is being contested by H. C. Maule, who claims to have received a majority of the legally cast votes. Judge Scott has the case under consideration. He said he would render a decision within a month, probably earlier. The contest has created strong factional feeling in Goodland, each of the candidates having a large following. Prominent citizens are aligned on each side of the political fight for possession of the sheriff's office.

Death Rate Greatly Reduced.

Richmond's death rate has diminished in the past fourteen years from 23 to 16.4 per 1,000 population, according to Dr. E. C. Levy, Director of Public Welfare, in an address at the weekly luncheon of the Kiwanis Club in the Business Men's Club rooms. "In other words," said Dr. Levy, "there are more than 5,000 people living today who would have died during the past fourteen years if the old death rate still were in existence."

Dr. Levy's address dealt with the present form of city government, of which, he declared, a majority of the citizens are entirely ignorant. The larger number of the population is ignorant, by their number and their nature they have led up with an explanation of the six bureaus which make up the Department of Public Welfare, namely, those of Health, Street Cleaning, Charities, Markets and Public Employment.

Baldwin Addresses Dairymen.

Frank Baldwin, of Lynchburg, president of the State Dairymen's Association, spoke at the third annual banquet of the Milk Producers' Association, which was held at the Hotel Richmond, on Tuesday night. The organization was started in 1917, a banquet was not held in 1918 for patriotic reasons, and the banquet Tuesday night was really the fourth annual meeting.
